## **MISSION STATEMENT**

**Led by the Spirit**, the mission of St. Joseph's School is

- ❖ To lead children and families to Christ within the Catholic Christian community.
- ❖ To foster the spiritual, academic, social, emotional, and physical development of each person.
- ❖ To prepare our students to use knowledge and faith to be a light for the parish, community, and world.

## **PHILOSOPHY STATEMENT**

St. Joseph's School integrates religious truths and values throughout daily learning. Religion is not just one more subject alongside the rest. We teach the truth of the Gospel to encourage students to understand their duties to God, their neighbors and themselves. As a school, we believe that children who are well-grounded in their faith know who they are – they are images of God.

**Faith:** We lead our students to a personal relationship with Christ by fostering their spiritual development through exposure to the Gospel and Catholic teaching, worship, and focus on the Beatitudes. This will prepare our students to be active life-long members of the Catholic/Christian community.

**Leadership:** We lead our students to become responsible Catholic/Christian members of society. We work to foster their self-confidence to accept their true call from God and prepare them for life-long learning and academic excellence.

**Service:** We lead our students to Christ through service-learning experiences and foster each student's unique gifts to be used to glorify God and serve others. We prepare our students to develop a keen sense of peace, social justice, and respect for their obligations in their communities and world.

# St. Joseph's School

## History

St. Joseph's School takes its roots in the Benedictine Sisters of St. Joseph, Minnesota. The Benedictine Sisters began St. Joseph's School as the parochial school of St. Joseph's Parish in the fall of 1880. St. Joseph's School was the first school in the Red River Valley and began with an enrollment of fifty students. The school quickly grew, with new buildings built in 1893 and 1926. In the fall of 1929, the Benedictine Sisters of Mount St. Benedict in Crookston, Minnesota, took charge of the school.

In the summer of 1948, St. Francis de Sales' Parish was formed, and St. Francis de Sales' School was established. St. Francis de Sales' Parish and School quickly grew, with a new church built in 1950 and a new school built in 1957.

School enrollment boomed for both St. Joseph's School and St. Francis de Sales' School in the 1950s, 60s, and 70s, but both schools encountered challenges during the 1980s. In 1990, St. Francis de Sales' School and St. Joseph's School consolidated as one school and St. Joseph's discontinued 7<sup>th</sup> and 8<sup>th</sup> grade.

Recently, however, the school has grown, as it expanded to 7<sup>th</sup> grade in the fall of 2007 and 8<sup>th</sup> grade in the fall of 2008. In addition to adding grades, the school physically added onto its building, adding a library, computer lab, science lab, and administrative offices. During the summer of 2012, the school completed a number of technology upgrades, including projectors in every classroom, individual computers for the 6<sup>th</sup>, 7<sup>th</sup>, and 8<sup>th</sup> graders, and interactive instructional devices in every K-8 classroom.

Through its rich history of over 140 years, St. Joseph's School continues to be committed to excellence in living out its mission. Seeking to develop the whole student, our students are challenged to embrace the school's nickname – Saints – through faith, leadership, and service.

# St. Joseph's School

## Academics

St. Joseph's School faculty and staff are committed to ensuring that all students reach their academic potential. As a school we embrace the opportunity to collaborate with parents in this process.

### Academic Success and Expectations

Every St. Joseph's School student is given the opportunity to learn and grow academically. Teachers work diligently in monitoring and ensuring that individual student needs are being met to provide an environment and expectation of learning. If academic growth is compromised, administration, teachers, parents, and students will work to create a plan that will allow learning to occur.

Students who are not meeting academic potential will have a Student Support Plan developed by teachers, administration, parents and student. This plan will outline what interventions and goals are being implemented and the result of each. After constant monitoring and review, teachers will work collaboratively with parents for a long-term plan to ensure students see academic success.

**See Appendix A for Student Support Plan**

**See Appendix B for Student Support Plan Review**

### Academic Honesty / Cheating Policy

Academic dishonesty (cheating or allowing cheating on any class work) is considered a serious violation of school expectations for students and will likely result in an incomplete grade for the assignment and a principal, teacher, parent, and student meeting. Multiple infractions of academic dishonesty will result in disciplinary action.

St. Joseph's School considers cheating or academic dishonesty a serious violation.

#### **Cheating Policy**

St. Joseph's School defines cheating as:

- Receiving or providing information during a test
- Using materials on tests when the teacher has not given permission
- Violating the teacher's testing rules/procedures

- Plagiarism – using someone else’s writing or ideas and saying they are your own and not citing credit.
- Using or copying another student’s assignment and turning it in as your own
- Allow other students to use your work on assignments with the exception of specific group, lab or collaborative projects.

Other actions may be considered cheating or dishonesty. The above list is not all inclusive.

### **Consequences for Cheating**

- First Offense:
  - Notice from principal to parent
  - Zero credit given on assignment or test
  - Student will review the cheating policy
  - Student will fill out Behavior Reflection (see description on 30)
- Second Offense:
  - Notice from principal to parent
  - Zero credit given on assignment or test
  - Student will fill out Behavior Reflection
  - Major Violation issued (see description on page 29)
- Third Offense:
  - Parent meeting with principal, teachers, and student
  - Zero credit given on assignment or test
  - Student will fill out Behavior Reflection
  - Major Violation issued (see description on page 29)

### **Academic Assessment, General**

All students in kindergarten through 8<sup>th</sup> grade will take the Measure of Academic Progress (MAP) standardized assessment in both the fall and the spring. Additional testing may be done in the winter when recommended by a teacher. MAP assessments chart student growth and proficiency throughout a student’s time at St. Joseph’s School. St. Joseph’s School will use the data from standardized assessments to measure our performance and progress toward school-wide goals. Teams will also utilize the data to better understand the specific needs of each of our students. We are committed to student learning, and MAP assessment data will be utilized to help all students learn.

## **Academic Assessment, MAP Assessment Progress Reports**

Each fall and spring, parents will receive their child's most recent MAP Assessment Progress Report. The MAP Assessment Progress Report presents information in both a text format and a chart format. St. Joseph's School encourages parents to use the reports to better understand their child's academic progress. Particularly, the school recommends monitoring the following measures:

- Typical Growth – The average growth in assessment score for students that are in the same grade and at the same achievement level. Presents how much a similar student would typically grow.
- Student Growth – The actual growth in assessment score between the student's fall score and the spring score. Please note that only 50% of students are expected to meet their typical growth target.
- Lexile Range – a reading score that helps identify reading material that is at an appropriate difficulty level for the individual student. Students and parents can easily identify books that are within the student's Lexile range by utilizing [www.lexile.com](http://www.lexile.com).

## **Accreditation**

St. Joseph's School is recognized by the Minnesota Nonpublic School Accrediting Association as an accredited school.

## **Conferences**

As partners in the educational process, parents/guardians can assist the staff in understanding and supporting student learning. Parent-teacher conferences occur in the fall and the spring. Parents can also request additional conferences at any time. Parents/Guardians can sign up for conferences using the SignUpGenius website, which will be communicated to parents through email. St. Joseph's School strives for 100% parent/guardian attendance at all parent-teacher conferences.

## **Curriculum**

St. Joseph's School is committed to excellence in student learning. The school curriculum is aligned to the Common Core State Standards for language arts (reading and writing) and the Minnesota State Standards for math, science, and social studies.

Students in preschool through 8<sup>th</sup> grade will take classes in language arts, math, science, social studies, religion, physical education, music, technology, and art. As a Catholic-Christian school, faith development is an important component to who we are as a school community. Faith development is integrated into all aspects of the curriculum and taught through both structured religion classes and incorporated curriculum.

# Academics (continued)

## Curriculum (continued)

instruction. A Catholic-Christian environment is maintained in each classroom and throughout the school as a whole. Students at St. Joseph's School pray daily, attend special prayer services and religious ceremonies, and participate in school.

Mass each week. Students develop faith and leadership through responsibilities in leading weekly Mass and other ceremonies. Students also regularly participate in service activities, developing their stewardship of time, talent, and treasure. Parish priests are a vital part of the school faith community and regularly schedule classroom visits to provide specialized instruction on faith-based topics. All students enrolled at St. Joseph's School are expected to participate in all of the educational and religious programs that are part of the school curriculum.

## Daily Schedule

Students in preschool-8<sup>th</sup> grade will follow the same daily schedule as outlined below:

- School doors open. Parents/Guardians should not drop off their children and leave them unattended before the doors to the school are open in the morning. Students who are dropped off before 7:40am should proceed to the gym. Students are not allowed to go their classrooms until being dismissed from the gym.
- **7:40am** – This is our “soft start” time. We strongly encourage all students to be present at school at this time, so they have time to become organized and prepared for their day. Students are sent from the gym to their classrooms at this time. Students who are dropped off or walked into the school after 7:40am should proceed to their classroom.
- **7:50am** – “Hard start” or formal school day begins. Students should be in their seats, with everything put away so they are ready to learn.
- **3:00pm** – School Day ends.

## Grades

St. Joseph's uses the following grading scale:

### Preschool – 3<sup>rd</sup> Grade

A	=	Advanced
P+	=	Approaching Advanced
P	=	Proficient
P-	=	Boarding Proficiency
IP	=	In Process of Proficiency
NY	=	Not Yet Proficient

# Academics (continued)

## Grades (continued)

### 4<sup>th</sup> Grade – 8<sup>th</sup> Grade

A	=	93% - 100%	C	=	73% - 77%
A-	=	90% - 92%	C-	=	70% - 72%

B-	=	80% - 82%	D-	=	60% - 62%
C+	=	78% - 79%	F	=	59% or below

## Grade Point Average (GPA) and Honor Roll

GPA is utilized by 6<sup>th</sup> – 8<sup>th</sup> grade for the purposes of determining Honor Roll.

The purpose of the St. Joseph's School Honor Roll is to encourage and recognize excellence in academics. Students in 6<sup>th</sup>-8<sup>th</sup> grade will be recognized for the following academic achievements:

- Principal's List – students who achieve a 3.96-4.0 GPA
- High Honor Roll – students who achieve a 3.75-3.95 GPA
- Honor Roll – students who achieve a 3.50-3.74 GPA

Students must maintain good conduct to acquire Principal's Lists, High Honors, or Honor Roll status.

Each letter grade will have a value. These values are used to determine GPA:

A	=	4.00	C	=	2.00
A-	=	3.67	C-	=	1.67
B+	=	3.33	D+	=	1.33

C+	=	2.33	F	=	0.00

Core classes are weighted more than specialist classes in the calculation of GPA.

## Homework

All students are expected to do their own work to the best of their ability. Homework consists of daily assignments, which are an extension of the learning process that has taken place at school. Homework may be assigned for the purpose of review or enrichment.

## **Academics (continued)**

### **Homework (continued)**

A typical day's homework would normally not exceed:

Grades 1 and 2:	20 – 30 minutes
Grades 3 and 4:	30 – 45 minutes
Grades 5 and 6:	45 – 60 minutes
Grades 7 and 8:	60 – 90 minutes

If your child frequently takes longer than the time indicated above, please contact your child's teacher.

All homework is to be turned in on time, with the exception of an illness. When phoning a child's absence, parents/guardians should indicate the arrangement for getting your child's classwork and homework. Homework should be picked up by parents before 3:30pm. A sibling or friend may transport a student's homework. It is the student's responsibility to make up work missed as indicated by the teacher.

### **Homework Notification**

Daily homework will be communicated and reviewed with students at the end of each school day with their homeroom teacher. All students will have assignment notebooks and/or homework folders that go home daily to be reviewed by parents and student. Parent signatures are required each day to ensure homework expectations are understood by all. Students have the primary responsibility of completing their homework. Parents are responsible for making sure students have completed their homework.

### **Library**

Our school library is a key element in our educational curriculum. Reading is so important to the success of our students. Students are responsible for the materials that they check out. If an item from the library is damaged or lost, the family will be responsible for covering the cost of that item. We do not charge fines for overdue books; however, students will be required to pay for any books or items not returned by the end of the school year.

### **Report Cards and Grading Periods**

Report cards and mid-quarter reports are communication tools that measure student learning. For students in 3<sup>rd</sup> – 8<sup>th</sup> grade, report cards are issued on a quarterly basis. Typically, 1<sup>st</sup> quarter report cards are given at parent teacher conferences in the fall and 2<sup>nd</sup>, 3<sup>rd</sup>, and 4<sup>th</sup> quarter report cards are mailed home.

## **Report Cards and Grading Periods (Continued)**

Kindergarten through 2<sup>nd</sup> grade students are assessed on a semester basis. Report cards for these students will be mailed at the end of 1<sup>st</sup> semester (typically near the end of January) and again after the school year ends.

Preschool teachers issue report cards on trimester periods. Report cards for preschool students for trimester 1 and 2 will be issued at parent teacher conferences and trimester 3 report cards will be mailed home.

Academic progress reports are available to 3<sup>rd</sup> – 8<sup>th</sup> grade parents through [educate.tads.com](http://educate.tads.com). We encourage all parents to monitor their child's academic progress and contact the school regarding any concerns or questions.

When a student is not meeting their academic potential, a principal, parent, teacher, and student meeting may be held to address the student's academic standing. A plan will be developed to ensure students are finding success at St. Joseph's School.

## **Student Education Records**

The Family Educational Rights and Privacy Act (FERPA) is a Federal Law that protects the privacy of student education records. Parents/guardians have the right to inspect and review their child's academic records and dispute anything they feel is inaccurate.

Schools can disclose and or release a student's educational records to other schools, without parental permission.

# St. Joseph's School

## Admissions

St. Joseph's School is committed to living out its mission statement and pursuing excellence in learning, faith development, leadership, and service. We are excited to partner with families who likewise welcome a pursuit of excellence.

### **Admissions Procedures, General**

Registration opens on January 15<sup>th</sup> for returning families and February 1<sup>st</sup> for new families. Registration is completed online for all students. Families must register their students annually. A non-refundable registration fee is required at the time of registration.

St. Joseph's School will provide specific registration procedures for new students and returning students through email communication as February 1<sup>st</sup> nears.

Families must agree to a final tuition agreement prior to the first day of school for enrollment to continue for the academic school year. This policy ensures financial viability and integrity to budgetary planning.

### **Admissions Procedures, Priority**

Admissions priority will be given according to the following list:

1. Returning students whose families are registered members of St. Joseph's Parish or St. Francis de Sales' Parish
2. All other returning students
3. Registered members/families of St. Joseph's Parish or St. Francis de Sales' Parish with a sibling already enrolled in the school.

# Admissions (continued)

## Admissions Procedures, Waitlist

The recommended capacity of classrooms is set by the Principal and the School Advisory Council. The school does its best to follow this recommended capacity; however, extenuating factors may influence the decision of the superintendent and principal when determining classroom sizes. Once a grade level has reached maximum capacity, a waiting list will be established. Priority on the waitlist will be determined by the admissions procedures priority list described above.

## Teacher Request

Families wishing to request a specific grade teacher should have request to the school principal by July 1<sup>st</sup> prior to the year the request would go into effect. Teachers and administrators consider many factors when determining the class list, for that reason there is not a guarantee of honoring all requests.

## Age Requirements

Students entering the following programs must meet the described age requirements:

- Preschool Program, Three Days a Week, Two and Half Hours a Day – students must be at least 3 years of age by September 1<sup>st</sup> and be **successfully toilet trained**.
- Kindergarten Readiness, Three or Five Days a Week, Full Day – students must be at least 4 years of age by September 1<sup>st</sup> and **successfully toilet trained**.
- Kindergarten Program – students must be at least 5 years of age by September 1<sup>st</sup> and **successfully toilet trained**.

## Tuition Agreements and Payment Policy

St. Joseph's School has partnered with TADs, a third-party enrollment and tuition management company, to help us better plan and manage our tuition finances. Before a student attends St. Joseph's School, parents/guardians must agree to the tuition agreement through TADs. When signing their tuition agreement, parents/guardians will select their payment plan from the following: annually, semi-annually, over nine months, or over ten months.

Upon signing the tuition agreement, parents/guardians take the responsibility for paying the agreed upon tuition charges in full and on time. Late fees and returned payment fees will be assessed if payments are past due or returned for any reason. Tuition payment/collection remain confidential between parents/guardians and the accounting office. If, at any time, circumstances, prevent prompt payment of tuition,

## **Admissions (continued)**

please contact the school accountant in advance.

Students who withdraw during the school year will have their tuition pro-rated to the end of the month. Students who take an extended leave during a semester for family vacations, illness, etc., shall not have their tuition reduced.

### **Tuition and Fees Past Due Policy**

In the event that a family does not fulfill their tuition agreement, the following will occur:

- 30 days past due: Notice is sent to parent(s)
- 45 days past due: Accountant/Principal phones parent(s)
- 60 days past due: Accountant/Principal informs parent(s) that the child(ren) will no longer attend school until payment arrangements have been made.

All outstanding tuition, fees, and hot lunch balances must be paid in full to re-enroll at St. Joseph's School.

### **Financial Aid/Scholarships**

St. Joseph's School offers tuition financial aid/scholarships to families with students in grades kindergarten through 8<sup>th</sup> grade. St. Joseph's School will provide specific scholarship procedures through email communication and on the school website when registration opens. Scholarship Applications are due in mid-April. The date will be published on the form and communicated in school emails. Scholarships are strictly confidential between parents/guardians and St. Joseph's School. We understand that a family's financial circumstances are private, and we assure all families who apply for scholarships the utmost care and diligence in upholding and respecting that privacy.

### **Non-Discriminatory Policy**

St. Joseph's School admits students of any race, color, national, and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, national, and ethnic origin in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic or other school-administered programs.

### **Required Documents for New Students**

New students are required to provide a copy of their birth certificate and a copy of their baptismal certificate (if applicable). New students are also required to complete the Pupil Immunization Record Form.

## **Admissions (continued)**

St. Joseph's School will provide the above forms during registration and will also post the forms on its website. Not having the required forms to the school office before the start of school, may hold up the enrollment process.

### **Special Needs Accommodations**

St. Joseph's School strives to accommodate students with physical, emotional, social, or learning challenges. Families must fully disclose the nature of and known extent of such challenges at the time of registration. St. Joseph's School will consider admission of all students on the basis of its ability to meet each student's particular needs.

### **Transfer Students**

New students transferring from another school will be considered for admissions acceptance after the following has been completed:

1. An admissions application has been completed through the online registration system.
2. A phone conversation or meeting has occurred between the principal and the parents/guardians.

When previous educational records have been supplied to the school, including current grade transcripts or report cards, the student's most recent standardized testing results, Individualized Service Plan (ISP/IEP), service plan, Accommodation Plan, or Individual Catholic Education Plan (ICEP), the administration will begin the process of review for acceptance.

Applications for admission to the upper grades are generally reviewed more closely as educational preparation and disciplinary records at this level are of more concern to St. Joseph's School.

St. Joseph's School supports the disciplinary decisions of other schools. Therefore, a student expelled from another private or public school may not be considered for enrollment until one year after the expulsion date and then only at the discretion of the Principal in consultation with the Superintendent.

# St. Joseph's School

## Attendance

St. Joseph's School strongly encourages all families to have their children to school on time to make sure that students are not missing valuable learning time. Being on time will help students get organized, prepare for the school day and be ready to learn.

### Attendance, General Policy

All students are expected to attend school all day, every day as *required by law*. Regular attendance is known to be directly related to academic achievement. Regular attendance habits require the cooperation of students and parents. School begins at 7:50am each morning and ends at 2:55pm each afternoon.

### Absences

When possible, requests to have children excused from school should be made in advance. If a student is ill, the parent/guardian should report the absence of the student by telephoning or emailing the school office prior to the start of school. A verbal message from a sibling or a friend is not considered a proper form of communication. If the school does not receive any communication about an absent student by 8:50am, the school will call a parent/guardian to check on the status of the student's attendance. Students who arrive at school after 8:50am will be considered absent for the first half of the school day. If a student leaves before 1:45pm, they will be considered absent for the second half of the school day. Students may not attend or participate in extracurricular activities on the days they are absent from school.

Absences can be both excused and unexcused. For absences to be considered excused, parents must provide a phone call, email, or written note. Any absence not accompanied by an explanation is considered unexcused.

#### Examples of Excused Absences:

Personal illness  
Death in the family  
Doctor appointment  
Family vacations

#### Examples of Unexcused Absences:

Oversleeping  
Bussing or transportation issues  
Absence is not verified by a parent/guardian

## **Attendance (continued)**

### **Absences**

Extended illness of 3 or more consecutive school days will require a doctor's statement for the absences to be considered excused.

Per Minnesota state law, a student is considered "continuing truant" when the student is absent from school without valid excuse for three days without valid excuse (*Minnesota Statute 260A.02, subd. 3*). A student is considered to be "habitual truant" when the student is absent from school without valid excuse for seven days (*Minnesota Statute 260C.007, subd. 19*).

When the number of unexcused absences reaches three, a letter will be mailed to the parents/guardians of the student, notifying them that their child is considered "continuing truant." The letter will provide the opportunity for parents to notify the school if there is a valid excuse for the student's absences and may request a parent/guardian meeting to discuss solutions to the student's truancy. The letter will also alert the parents/guardians that if seven unexcused absences are reached during the school year, Child Protection Services will be contacted.

When the number of unexcused absences reaches seven, parents/guardians will be notified that their child is considered to be "habitual truant" and Child Protection Services will be contacted by the school.

As regular attendance at school is directly related to student learning, school policy dictates that students may not miss more than 10 days of school per year, regardless of excused or unexcused absences. Once seven days of absences are recorded, a letter will be mailed to the parent/guardians reminding them of this policy. The parents/guardians will also be asked to attend a conference with the principal and school social worker to address the issue of student absences, at the discretion of the principal considering the situation.

### **Release of Students During the School Day**

Students are not permitted to leave the building or school grounds during the school day for any reason without verbal or written permission from the parents/guardians of the child. If a parent/guardian is unable to pick up their child, the parents/guardians are required to notify the school and to identify the person who will be picking up the child. Students will not be released with individuals who have not been identified by the parents/guardians.

# Attendance (continued)

## Tardiness

For students to learn, it is important that they are in school on time. Tardiness is considered any late arrival to school where the student is not in their seats and ready to learn by 7:50am. Arrival to the classroom any time after 8:50am is considered a morning absence and not a tardy. Parents/Guardians must inform the school for the reason of the tardy by accompanying their child to the school office. Late students must receive a pass from the school office before going to class.

As adults, we have an obligation to our students to set a good example. Parents play a major role in ensuring that their children arrive at school on time. After the third unexcused tardy, the family will receive a letter from the principal reminding them of their parental obligation to have their child arrive on time for school. After the fifth unexcused tardy, a meeting will be set up with the principal and school social worker to address the issue of student tardies. At the principal's discretion, the school will report continued unexcused tardies (beyond five) will be reported to the proper authorities.

### Examples of Excused Tardies:

Personal illness  
Doctor appointment  
Family emergency

### Examples of Unexcused Tardies:

Oversleeping  
Transportation issues  
Tardy not verified by a parent/guardian

## Communication

St. Joseph's School believes that regular communication between the school and parent/guardians is beneficial for your children.

### **Communicating General Information**

St. Joseph's School's primary tool to communicate general information is email. Parent/Guardian emails are sent on Tuesdays and Thursdays updating parents/guardians of school happenings. It is important that parents/guardians take the time to read the school updates.

### **Communicating Specific Classroom Information**

Classroom teachers communicate their specific classroom news via emails, newsletters, weekly folders, websites, and assignment notebooks. Communicating specific classroom information is determined at the discretion of the teacher. Please contact your child's teacher should you have questions.

### **Communicating Student Illness or Injury**

If a student is ill, the parent/guardian should report the absence of the student by telephoning or emailing the school office prior to the start of school. If an injury or illness occurs while the student is at school, office personnel will call the student's parents/guardians.

### **Communicating With Teachers**

Any staff member can be reached by email. Please visit our school website for teacher email addresses. Parents/Guardians can also reach teachers by calling the school. While staff members do regularly check their email, they are busy teaching during the school day and are sometimes not able to check or respond to email during the school day. Parents/Guardians should not expect email messages to be immediately replied to within the school day.

# **Communication (continued)**

## **Communicating with Your Child During the Day**

Students will not be allowed to receive phone calls during the school day. If there is a need to get a message to a student before the end of the school day, please call the school office to ensure that the message is received on time. While staff members do regularly check their email, they are busy teaching during the school day and are sometimes not able to check or respond to email messages pertaining to students during the school day.

## **Delivering Items or Messages to Your Child**

To ensure uninterrupted instruction time for our students and teachers, office personnel will deliver messages or items to your child during classroom breaks. Please do not text or call your child's personal cell phone during school hours. If a teacher becomes aware of this, classroom discipline may apply.

## **Discussing a Problem**

Good communication practices by adults will prevent small problems from becoming large problems. Often parents/guardians avoid communicating with teachers and administration because they do not want to be viewed as complaining. In striving to develop good relationships with parents/guardians, St. Joseph's School hopes to cultivate open and honest relationships.

If a problem or issue arises, the problem should be discussed with the other adult that pertains to the situation. For example, if a classroom issue arises, parents should communicate with the classroom teacher. In the event that this procedure does not remedy the situation, the parent, teacher, and principal will meet.

In discussing problems and issues, all parties must be cognizant that we all want what is best for the students. Parents/Guardians must recognize that the school will act in the best interest of all students and not necessarily the specific interest of one student.

## **TADs EDUCATE Online Access**

St. Joseph's School uses a student record management system called EDUCATE. The following information is available to you when you log in to EDUCATE:

- Current grade in each class and GPA for the term (if applicable)
- Lunch account balances
- Descriptions, grades, and teacher comments for graded assignments
- Email Alerts can be configured for grades and attendance
- Attendance Information

# Communication (continued)

## EDUCATE Online Access (continued)

Parents/Guardians are issued an EDUCATE username and password at the start of each school year. To access please follow these steps:

- Go to <https://educate.tads.com> or click the link found of the school's website.
- Proceed with the username and password given at the beginning of the school year.

## Notes and Pick-up Communication

Whenever the usual routine of a child is to be changed such as picking up after school or during school hours, parents/guardians should send a signed and dated note with the student or an email. St. Joseph's School will not rely on or accept verbal information from the student regardless of age. If pick-up plans change during the day, please call the school office by 2:00 to notify us of the change.

## Student Communication with Parents/Guardians

Students will not be allowed to use the phones in the classrooms. If a student needs to use the telephone, they are required to come to the school office. Arranging after school travel and friend visits should be taken care of before the child leaves home.

## Weather or Other Emergencies

If for any reason the school will be closed or closing early due to an emergency or inclement weather, announcements will be made to parents/guardians using the Educate by TADS Student Information System. **PARENTS MUST OPT IN to this feature during registration. Educate does not automatically add families to this system.** Educate allows immediate communication via broadcast system which will enable the school to notify all households and parents by phone, text, and email within minutes of an emergency or unplanned event. Communication may come early if the decision to close or start late comes after midnight. St. Joseph's School will continue to report school closings on local radio and television stations. It will be listed as St. Joseph's School – Moorhead. When school is 2 hours late there will be no morning only preschool.

As a general policy, St. Joseph's School will follow the closing announcements for inclement weather as given by the Moorhead Public Schools.

Storm or bad weather makeup days will be consulted with the School Advisory Board and not necessarily follow Moorhead Public Schools makeup days.

## Discipline

St. Joseph's School is committed to promoting healthy student interactions and behaviors to create a positive and safe learning environment. Because we believe in a deep respect for human dignity and the uniqueness of every individual, each student will be considerate and respectful of others in all interactions.

### **Purpose of the Discipline Policy**

The purpose of the discipline policy is to develop the self-discipline of each student that reflects a fundamental understanding and implementation of Christian values.

### **General Student Expectations**

Student behavior should reflect courtesy, respect, and consideration toward all students, school personnel, parents, volunteers, and visitors. Positive student behavior builds the school community. Students are expected to contribute to the school community through respect for all people and property, through following classroom and school rules and procedures, and through positive student actions in the learning environment. St. Joseph's School students seek to develop their faith, leadership, and service.

### **School Discipline Cycle**

The school discipline cycle presents opportunities for students to develop their self-discipline and respect for others through self-reflection and systematic responses to behavior issues.

#### **Classroom Rules and Procedures**

Each teacher will establish their own set of classroom rules and procedures for classroom management purposes. Consequences of violations of classroom rules will accumulate daily for older students with each day being a fresh start and weekly for younger students with each week being a fresh start. The first violation of a classroom rule or procedure will result in a verbal correction. Second or repeated violations of a classroom rule or procedure will result in a specific consequence as determined by the classroom teacher. Excessive violations of classroom rules or procedures will result in a Minor Violation.

# **Discipline (continued)**

## **Behavior Reflection Sessions**

Behavior Reflection Sessions provide an opportunity for students to reflect on their behavior. Students will complete a written form that guides them through their behavior which resulted in a Major Violation. Behavior Reflection Sessions will be arranged with parents/guardians if needed. Behavior Reflections will be sent home for parent signature. Behavior Reflections should be returned to the school the following school day.

## **Bullying Policy**

### **The Definitions of Bullying**

“Bullying” means any expression (written, verbal, or electronic) or any physical act (action, gesture, or pattern thereof) by a student that is intended to cause or is perceived as causing distress to one or more individual which substantially interferes with another person or persons’ educational benefits, opportunities, or performance. Bullying includes, but is not limited to, conduct by a student(s) against another student(s) or individual that a reasonable person under the circumstances knows or should know has the effects of harming a student, damaging a student’s property, places a student in reasonable fear of harm, or creates a hostile learning environment for that student.

A safe environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying is conduct that interferes with a student’s ability to learn, or a teacher’s ability to teach. It is the school’s intent to prevent bullying and intimidation and to take action to investigate, respond to, remediate, and discipline acts of bullying which have not been successfully prevented.

### **General Policy**

Any act of bullying, by either an individual student or a group of students, is expressly prohibited on school property, at school sponsored functions or activities, or on any school sponsored transportation. Any retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.

This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, encourage or support another student’s act of bullying. The school will act to investigate all complaints of bullying and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school who is found to have violated this policy.

# **Discipline (continued)**

## **Reporting Procedures**

Any parent/guardian who believes that any student has been a victim of bullying or any person with knowledge or belief of conduct that may constitute bullying shall report the alleged acts immediately to any school employee that they feel comfortable with. Likewise, students who have been bullied or who have witnessed bullying, should report the incident to any school employee that they feel comfortable with. The school employee shall then report the incident to the school social worker or school administration.

Reports of bullying are classified as private and personal data as well as confidential investigative data and will not be disclosed as permitted by law. Submission of a good faith report of bullying will not affect the complainant's future employment, grades, work assignments, or educational or work environment. The school will respect the privacy of all individuals involved as much as possible, consistent with the school's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

## **School Action**

When a complaint of bullying is received, the school will undertake or authorize an investigation. The school may take immediate steps, at its discretion, to protect the complainant, reporter, students, or others pending completion of an investigation of bullying, consistent with applicable law. Upon completion of the investigation, the school will take appropriate action, as guided by the School Discipline Cycle. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School officials shall notify parents or guardians of the students involved in a bullying incident and the remedial action taken, to the extent permitted by law, based on a confirmed report.

## **Reprisal**

The school will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school who retaliates against any person who makes a good faith report of alleged bullying or against any person who testifies, assists, or participates in a proceeding or hearing related to such bullying. Retaliation includes, but is not limited to, any form of intimidation, harassment, or intentional disparate treatment.

## **Training and Education**

The school will annually provide education and information to students regarding bullying, including information regarding the school's policy prohibiting bullying, the harmful effects of bullying, how to report bullying, and other applicable initiatives to prevent bullying.

### Dates of Attendance

Once enrolled, parents of Extended Day students will be asked to provide dates of attendance to the Extended Day Director using the monthly scheduling form by the 20<sup>th</sup> of the preceding month (if not enrolled in full-time care). In order to be efficient in planning snacks and staffing, it is important that we know how many students will be attending the Extended Day Program each day. Also, knowing who will be present helps us assure the safety and security of your child(ren). Any dates that are requested by the 20<sup>th</sup> of the month prior, but not attended will still be charged.

Extended Day plans can be upgraded at any time with prior approval by the Extended Day Director. Cancellation or changes in extended daycare plans must be communicated by the 20<sup>th</sup> of the previous month with notification sent to the Extended Day Director. Families who do not need full-time care may choose the Extended Day, Day Rate Option. Days of attendance must be communicated to the director by the 20<sup>th</sup> of the month prior. Any care that is needed not communicated by the 20<sup>th</sup> of the month prior does require 24-hour notice and will only be offered if space allows. Any dates that are requested by the 20<sup>th</sup> of the month prior, but not attended will still be charged.

# **Extended Day Program (continued)**

### Eligibility, Age or Grade Requirements

St. Joseph’s School extracurricular activities are only open to current St. Joseph’s School students, unless preapproved by the administration. St. Joseph’s School offers a wide range of activities, and each activity has its own age or grade specifications.

### Eligibility, Academic

St. Joseph’s School students must be considered in good academic standing to participate in extracurricular activities. Good academic standing is defined as maintaining a C average with no Ds or Fs in any subject. If a student has a D or an F in any academic class or has a GPA below 2.00, the student may be considered academically ineligible to participate in extracurricular activities until the student achieves good academic standing. The school recognizes that each student is an individual and all academic eligibility issues will be determined to best suit each student’s situation.

## **Extra-Curricular Activities (continued)**

All students are considered academically eligible at the beginning of the school year as prior year's end of year grades do not carry over to the next school year.

All students participating in a co-op activity must also meet St. Joseph's School's academic eligibility criteria and the co-op school's eligibility requirements, which may differ from St. Joseph's School's requirements.

### **Eligibility, Behavior**

St. Joseph's School students must be considered in good behavior standing to participate in extracurricular activities. Students may become ineligible to participate in extracurricular activities should they display behavior unbecoming of St. Joseph's School. Decisions regarding eligibility related to behavior can be made at the discretion of the principal.

### **Eligibility, General**

Students cannot participate in extracurricular activities if they were not in attendance for the full school day. Students who miss the morning or afternoon of school become ineligible to participate in that day's extracurricular activities.

### **Fees**

Fees for participation in extracurricular activities are assessed per activity. Upon registration parents/guardians authorize St. Joseph's School to bill their TADS account for the registration fee two weeks prior to the start date of each activity. If the student is not able to continue in the activity, cancelation of the activity must be done through the school office two weeks prior to activity start date for refund of registration fee.

### **Honoring Competitions**

Each competition is an opportunity for participants, coaches, and fans to show respect for:

- God – the giver of all gifts and talents
- Rules – refusing to bend the rules to win.
- Opponents – recognizing that a worthy opponent brings out our best.
- Officials – acting with respect even when we disagree.
- Teammates – refusing to do anything that reflects poorly on our team.
- You – living up to your standards regardless of what others do.

## **Extra-Curricular Activities (continued)**

Each participant should make St. Joseph's School proud by:

- Cheering for your team, not against the opposition.
- Encouraging those around you to be respectful.
- Victories and successes should be humbly accepted. Participants should refrain from gloating if their team wins.
- Focusing on the good plays your team made even if your team loses.
- Refraining from expressions of negativity toward the other team and their fans.

### **Parental Involvement**

The success of St. Joseph's School extracurricular activities relies in part on assistance from parents and other volunteers, who take on numerous tasks. Parents wishing to volunteer to assist with an activity must be Safe Environment trained and certified. Parents involved in activities must also follow the policies described under "Honoring Competitions."

### **School Responsibility**

Extracurricular activities are supervised during specific times indicated by the person in charge. The school is not responsible for any student dropped off early or for any student who is not picked up promptly after the event. Students are not permitted to leave school grounds while in their extracurricular activity. Departure for home terminates school responsibility and liability.

### **Parent Responsibility**

Students must be picked up on time after an extracurricular event. Any student not picked up within ten minutes of the conclusion of the extracurricular event will be sent to the Extended Day Program and the family will be appropriately billed for the care provided. Please see "Drop Off and Pick Up – Prompt Student Pick Up" under Miscellaneous Policies for more information.

# St. Joseph's School

## Technology

St. Joseph's School recognizes that student learning technologies have the power to transform student learning. Seeking to prepare our students to be a light to the world around them, St. Joseph's School is committed to utilizing technology to prepare our students to be leaders in the 21<sup>st</sup> century. Through technology, we seek to develop creativity and innovation, critical thinking and problem solving, and communication and collaboration. St. Joseph's School seeks to partner with parents to help our students use technology appropriately and productively to enhance student learning.

### Electronic Devices

St. Joseph's School recognizes that technology is an essential tool in our society that should be embraced and encouraged. The new generation of technological devices comes with great responsibility. All devices must be used appropriately and at appropriate times.

Student learning experiences with technology integration will include interactive whiteboards, digital projectors, Microsoft Surface tablets, interactive learning software, access to a computer lab for classroom lessons and research, and laptop computers for every 6<sup>th</sup>-8<sup>th</sup> grade student. St. Joseph's School recognizes the importance of continued technology integration in student learning experiences and seeks new technologies to enhance student learning. Use of any current and future technology device at St.

Joseph's School will follow the guidelines below:

- Students will turn in all personal electronic devices (cell phones, iPods, etc.) to their homeroom teacher as they enter school for safekeeping. The electronic devices will be returned to each student at the end of school day.
- Any device found to be in a student's possession during the school day, unless being used under the direct supervision of a teacher, will be confiscated.
- The teacher will determine a secure location of where the device will be stored in the classroom.
- Devices may not be used in any way that can be interpreted as being threatening, humiliating, harassing, embarrassing, intimidating, or encouraging academic dishonesty.

## Technology (continued)

- The use of an electronic device to take images of anyone in the school, school grounds, or during a school-sponsored event must be at the directive of a teacher or administrator for instructional or promotional purposes.
- Students shall not print, copy, or electronically publish any image without the expressed written consent of the subject(s) involved and the teacher or administrator of the school.
- Repeated misuse of such devices may lead to further disciplinary action and/or loss of privilege for bringing them to school.
- St. Joseph's School, faculty or staff is not responsible for lost, stolen, or damaged items.

### **Personal Learning Devices – 6<sup>th</sup> – 8<sup>th</sup> Grade Tablets**

Because St. Joseph's School believes that technology is a tool for students to learn more efficiently and more abundantly, students in grade 6<sup>th</sup> – 8<sup>th</sup> will receive a personal learning device during the first week of school. The devices and all related accessories distributed to the 6th-8th grade students should be used in a manner that perpetuates our school mission. Parents and students must sign a parent-student device contract before the device can be taken home. A course of action will be determined by teacher and administration for any misuse of the device or not following guidelines listed in the contract.

The device is the property of St. Joseph's School, and all users of the device will follow the policies described in the contract. Students (and in turn, parents/guardians) are responsible for the general care of the device they have been issued. Devices that are broken or fail to work properly must be turned into the homeroom teacher as soon as possible for an evaluation of the equipment by the school's technology department.

Devices will be returned to St. Joseph's School during the final week of school. Devices will be collected by the student's homeroom teacher. # St. Joseph's School

## Uniforms

St. Joseph's School believes that student dress affects self-esteem, learning attitudes, and behavior. St. Joseph's School utilizes a school uniform as a tool in ensuring that our students treat one another and themselves with dignity and respect. ## **St. Joseph's School**

## **Wellness**

St. Joseph's School's seeks to foster the development of the whole child. In addition to complimenting the spiritual and academic development of the child, St. Joseph's School's Wellness Policy advocates policies that foster the emotional, social, and physical development of our students.

### **Tree-Nut / Peanut Free Facility**

St. Joseph's School initiates every effort to ensure students have a safe and secure environment to learn and grow in. Parent/Guardians must provide current health information regarding their children annually. Students must have all required immunizations or parents/guardians must fill out a Conscientious Exemption Form, which can be obtained from the school office. Not having the required forms to the school office before the start of school may hold up the enrollment process. Please also see "Immunizations" on page 44.

Home study is the main preparation for these sacraments, with classroom religion classes supplementing the parent sessions. A half-day retreat for First Eucharist is also part of the preparation.

Reconciliation preparation begins in the fall with the celebration of the sacrament in December. First Eucharist preparation beings in February with First Eucharist celebrated after Easter.

Parents of school aged children who have not been baptized or who have not received Eucharist or Reconciliation in second grade should contact the Faith Formation Office of their family parish. Arrangements will be made for instruction.

Recess gives all students in preschool through grade 8 an opportunity to enjoy fresh air and free time. St. Joseph's School uses Townsite Park for recess. Students will spend recess outside when the wind chill is ten degrees below Fahrenheit or warmer. Students will spend recess in the gym or classroom if it is raining or if the temperature

Preschool students are not allowed to ride the bus, per the Transportation Department policy. Preschool parents/guardians will need to provide transportation for their students, regardless if the student has an older sibling riding on the bus.

## **Miscellaneous Policies (continued)**

### **Transportation continued**

Riding the bus is considered a privilege. All students must follow the rules and regulations set by the transportation department and the standards of behavior set forth in the school's bullying and discipline policy.
